Unlock Cost-Effective, Agile, and Specialised Teams For Your Project

We can do for you is offer a cost-effective, agile, and specialised teams for your project needs through our marketplace, Vicoland.

Vicoland was inspired by Ronald Coase's theory on the nature of the firm, which says that businesses choose to work with either in-house teams or external contractors based on the relative costs of coordinating and exchanging goods and services.

Get Access to The Human Cloud That Meets Your Enterprise Needs

Vicos offers a comprehensive solution for organised, secure, and compliant interactions. By eliminating overhead in their structure, Vicos helps you save costs.

They staff the best skills for your project to provide flexible and fast solutions. Additionally, Vicos ensures compliance with legal regulations to give you peace of mind. By choosing Vicos, you can experience the benefits of cost savings and quality results in a single solution.

Experience the Benefits of Vicoland: Cost Savings and Quality Results

Vicoland offers an innovative solution to traditional professional services firms, providing an average cost savings of 30%.

With their use of the human cloud, they are able to deliver faster results with 70% less time spent on sourcing and 25% less time spent on executing projects. This allows you to access enterprise-level solutions while also getting high-quality results that are less expensive than traditional firms.

Vicos are groups of highly skilled freelance professionals who are experienced in collaborating on projects. They offer enterprise-level solutions in their respective

areas of expertise. Vicoland provides these teams with the necessary support in terms of organisation, compliance with legal regulations, and financing, allowing them to work with clients in a professional and organised manner, just like a traditional firm

Here Is What Our Customers Say

Dominic Stenzel
Director Digital
Commerce EMEA
Tupperware

"Vicoland handpicked an expert digital marketing team for us, which started immediately saving us time, money & effort compared to agency offers."
